

# FOCUS PHOTOGRAPHY

The Knot's 2010 "Best of Weddings" Winner!

Over the past eight years Focus Photography has become one of the most respected & award-winning photography companies in Wisconsin. We have been named a "Best of Weddings" winner by TheKnot.com and were recently commissioned by Adidas to be the exclusive photographer for fashion designer Stella McCartney's clothing line launch. In addition, we have been commissioned to photograph several other high profile subjects such as President Barack Obama, President Bill Clinton, Secretary of State Hillary Clinton, The Dalai Lama, Lance Armstrong, Michael J. Fox, & Elizabeth Edwards.

However, from the beginning, we have specialized in providing professional wedding photography services to brides and grooms throughout the state. By utilizing a combination of photojournalistic and posed photography techniques coupled with a relaxed & knowledgeable approach, the coverage you receive will put you at ease and ultimately result in uniquely beautiful and natural photographs. You will be able to simply enjoy your special day knowing that its most precious moments are being artistically captured and handled by an experienced professional. We have worked with hundreds of happy couples throughout the years and absolutely love what we do. Our passion for the art of wedding photography will translate into an album full of stunning photographs and unforgettable memories that you will return to again and again.

We offer unparalleled customer service, a wide range of packages and products, digital retouching, and printing services in both color and black & white. Our diverse array of photographic styles allow us to tailor our services to each couple we work with. We will consult with you prior to your wedding in order to align your vision with ours and ensure that you receive exactly the style and amount of coverage you desire. We take pride in creating unforgettable images that evoke the beauty, emotion, and elegance of your wedding day while adding our own creative and artistic touch to every image we make. Although there are many studios from which to choose, we are confident that our combination of talent, experience, products, and affordability makes the choice clear. Please contact us any time to schedule your no obligation consultation. We look forward to the opportunity to show you how we can use our creative eye to carry out your unique vision of your wedding day!

## Photo Booth Service

Focus also offers photo booth services for wedding receptions & other special events. We draw on our photography experience to create a booth that takes beautiful images, prints with lightning fast speed, accommodates groups of up to 12, and also looks good doing it. *As a bonus, you will receive one additional hour of booth service for FREE when you book both our photography & photo booth services.* Please visit [www.focusphotoboos.com](http://www.focusphotoboos.com) for more information and pricing.
